

## Frequently Asked Questions

### Donors

- **WHAT IS ORPHAN KITTEN CLUB ABOUT?**

Orphan Kitten Club is a 501(c)3 charitable organization dedicated to saving the lives of orphan kittens who were abandoned at birth. This refers to kittens who were found in the outdoors without their mothers, be it through abandonment or the kittens having lost their mothers through other means.

- **WHY SPECIFICALLY ORPHANED KITTENS? WHAT ABOUT REGULAR KITTENS/ CATS?**

Orphaned kittens are one of the first animals to be euthanized when a shelter starts to get overwhelmed with animal surrenders, especially during the spring and summer months. Without their mothers to care for them, kittens (especially those in their early stages) require intensive care that most shelters are unable to provide, typically due to lack of resources.

- **HOW WILL MY DONATION BE USED?**

Your donation will go toward either or all of our programs:

- *Kitten Nursery*: A fully equipped nursery that is used to save the lives of premature, newborn and special needs kittens. Funds go toward supplies for the kittens we save.
- *Mightycat Program*: A first-of-its-kind grant program that provides funds to like-minded non-profit organizations that provide care and protection to neonatal kittens.
- *Full Circle TNR*: A Trap-Neuter-Return (TNR) program that aims to end the cycle of reproduction that causes kittens to be born outdoors, leading to their abandonment and eventual surrender to animal shelters. We ensure that sterilization is conducted in a safe and humane manner

- **DO YOU SUPPORT OTHER AT-RISK ANIMAL POPULATIONS?**

As an organization, we are dedicated to the care and rescue of orphaned kittens. However, it is not rare for our founder Hannah Shaw to rescue and rehabilitate other at-risk animals. Most recently, Hannah fostered a special-needs teacup pig until he was well enough to be released to a sanctuary.

- **WHERE ARE YOU LOCATED?**

Orphan Kitten Club is based in sunny San Diego, California. However, our founder Hannah Shaw travels around the country regularly to speak at conferences. Find out if Hannah will be at an event near you by clicking this link: <http://www.kittenlady.org/events>
